

Wall Drinking aquaBUBBLER

Product Code : ABWD22

The **Wall Drinking aquaBUBBLER** is a space-saving wall mounted drinking fountain. The smallest model in our range, the compact and beautifully understated Wall Drinking aquaBUBBLER is the perfect drinking fountain for any location where space is at a premium.

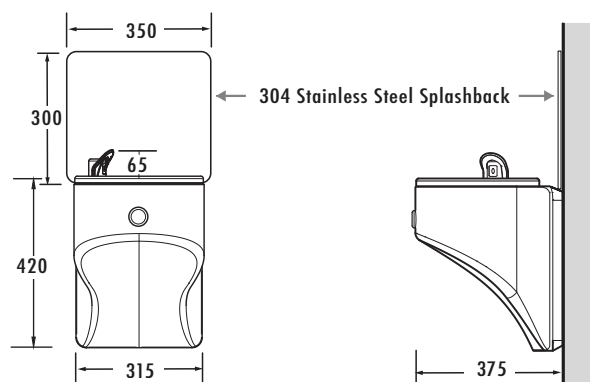

Providing effective and convenient hydration - especially in thoroughfares and gathering places - The **Wall Drinking aquaBUBBLER** can be installed either as a stand-alone unit or in series as a hydration hub. Its densely pigmented body colours liven up any wall and increase visibility.

The **Wall Drinking aquaBUBBLER** is wheelchair friendly and AS1428 compliant. The push button is easily seen and requires minimal force to operate (18 N to initiate, and 15 N to maintain flow). Its streamline body design ensures tidy integration of the unit body to the wall, and an easy-install 304 SS bracket provides rock solid attachment.

The **Wall Drinking aquaBUBBLER** is manufactured and assembled entirely onshore, right here in **AUSTRALIA!**
