

Universal aquaBUBBLER

Product Code : ABUA13

DDA* compliant, the Universal aquaBUBBLER features 3 state-of-the-art, drip-free taps including a water bottle refill station. The taps are designed to be used simultaneously without any major reduction in water pressure/flow.

It is ideal for heavy traffic/high activity areas - where time is limited and demand for having a drink and refilling water bottles is high.

The Universal aquaBUBBLER is designed according to the principles of 'Universal Design', making it easily accessible to children, adults, elderly, people with physical disabilities and people in wheelchairs.

*The SP height for DDA compliancy is 740mm.

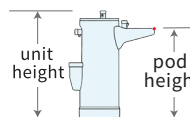

EXTRA : Branding and Signage, Dog Bowl options are available. More information on your request

The Universal aquaBUBBLER features:

- large self-closing push button (operable by one hand)
- non-squirt water exit nozzle
- wheelchair accessible drinking tap
- water bottle filler
